## II

**1.** I was with you from the very beginning. I enlightened and warned you  
periods. I have had various tools for this. From time to time  
my prophets came; as now, a new age will begin on Earth  
who will inform

**2.** Whenever you needed it, I gave you a hand. I don't stretch my hand sometimes  
It was born inside you; sometimes with the feeling of rebellion I gave you. Sometimes  
I had books like now. But this is rare; rare.

**3.** I have never needed a single and unchangeable book. According to the age  
the rules of the books also change. But it's not that my books are old  
is your development. Look! Does it ever suit you, false religion, hundreds  
books that came years ago now?

**On** Earth, my books sometimes happened; sometimes it never happened; but it's me  
my presence and the happiness and pleasure that came from me has always been. You ever  
I did not. I don't need a book. Your worship is also something to me  
neither will it provide me with strength. But adoring me is yours  
Is your taste.

5. My books are just because you need them. My only one book  
 They do not. What a secret expression in this book, which is one of my real books,  
 there is neither a cryptic expression nor hidden symbols. But one or two exceptions  
 can.

6. My books, as people need, in each tribe's own language,  
 they came out, they come out and they will come out. Too tall  
 not necessary. Because it is easy, to explain the main idea to those who understand it. No  
 people, other tribes can understand only through intermediaries.  
 I did not give religions or books; I will not.

7. The book I gave in one language, without losing its meaning in another language,  
 translatable. What Hebrew do you need to know to understand me; ne arab  
 to be a dog, nor to the ignorance, the irrationality of the Church.

8. Books, translated into other languages if requested to do it all to me  
 believing; but the first copy in the original language that was passed from me to you, always  
 should be next to the translation. He does not have an important password, secret expression  
 and also symbol. This is to preserve its authenticity. Doubt about translation  
 If it is, it is for someone who knows to see the original copy. And  
 This must be followed. And the order of My Chapters nor My Verses  
 It should not be changed.

9. In all ages, I have had open and secret oracles. They are joy to people  
 to bring. But obviously my oracles, self-confidence  
 By those who are fooled by the promises of paradise, of the helpless god.  
 They were slaughtered. So my oracles must stay in the dark.  
 One, two, which are available with a special mission and will appear when necessary  
 excluding.

10. I am the **Darkest Teaching** within every human being . That's why  
 my priests and oracles are Priests of Darkness. That's why  
 They also called me **Prince of Darkness** .

11. This teaching and knowledge is for everybody, and it comes mostly in their own language.  
 for my people. But if they want, other peoples can follow him and  
 translation into other languages and other tribes, including  
 can. But if necessary, in their countries and their languages too  
 I can afford to produce priests and to write new books.

12. I am the Speaking of All Languages. People they don't understand and never  
 False God, forcing you to be sheep for religions in languages they cannot understand  
 I'm not And when my books are translated into other languages,  
 lose.

13. My book, those who will reach him and not accept me,  
 are the ones to lose. But I'm not saying this as a threat to them.  
 I'm telling them with pity. They are slaves. In their own slavery  
 drowning and restricting his soul. But let my believers know that at first

The ones that will be included in my edition and my exclusive ones will be few. They should not be discouraged by this either. Even if it's just one person is my elite society. But over time, everything will be in a new order.

**14.** I am in all people. A part of me lives in everyone; but some people deny me ... the latecomer, fake and they are fooled by beliefs that restrict them. That's why people I also distinguish between.

**15.** There is a group among the people that they are like sheep. They mind They refused. They want to be motivated. They never question after you God that they have gone and will not give them anything. And also, They also do not accept someone else's questioning. They are exploited on Earth or they exploit their own. Own moral and religious beliefs they spill blood for torture; But when you die, in Heaven, the reward for it they believe they will get.

**16.** There is a group that they do not believe in anything; but they are more they are close to my light. 'Cause they got their minds numbed they do not allow, and they are the rebels and they are the questioners.

**17.** And there is a group that they are my elite. They know me; they live by my law. They are few and distinguished. But they are distinguished they did not achieve by choosing to be. They found my way with their own minds and they recognized me. So they became elite.

**18.** O my elites! Spread my joy to Earth. Introduce me. To me serve. May the joy of my worship shake the world; But the bigots and the ignorant in society, do not expose yourself. To hunt you with their driving prey do not allow the possibility and. Broadcast my knowledge and secretly in the dark.

**19.** Whoever knows and enjoys my worship can never leave me; but the rules of painful religions and artificial concepts of morality, people, me, wants to prevent them from recognizing my worship.

**20.** **Who** is enlightened and taken in, He is saved forever in life; both after his death. My knowledge, the information from me and Whoever receives the information I represent is saved forever.

**21.** I am **Knowledge** . The pleasure of the skin and the knowledge of the mind are only in me and it is in my belief. Damn religions that prohibit knowledge! Damn it, to those who put faith before reason! They are the cancerous limbs of humanity.

6

---

 Page 7

They hinder the flow of information. They destroy the rational one. They imprison man into his own brain.

**22.** All numbers are mine; but they always compared me to one god This so my count is even numbers. The count is two against one. I, somewhere i'm not a special god. I am in everybody; That's why this is my book that he is the strongest, and my oracle came neither from the east nor from the west. My Oracle, Right in the middle of two continents and between east and west and two came out of the ancient city that was between the sea and divided into two parts and my book was written there that it will bring you your freedom.

**23.** Those who do not want me and my knowledge know themselves. My religion and to my worship and my knowledge and the knowledge from me, nobody, sword not by force. What a crusade I have; neither my inquisition nor my holy jihad. Those included in my version should come with pleasure. On purpose It should come. And by understanding himself, he must come and be free. I do not need; who need a shepherd, nor a fear of swords.

**24.** My seers and My my priests and nuns, of false religion like false priests and false imams, people with fear of hell Should collection; should not force it with a sword.

**25.** There is no need to burn those who believe in other gods in the fire. They already they are burning by the slavery of their own souls.

**26.** Do not be afraid of your fears! Go over your troubles and your shame. This is how you beat yourself. Than falling into water what would a frightened person be afraid of after falling into the deep water he feared? Remain? What does it do; other than swimming and trying to get ashore? Disappears into the water fear of falling, the moment he falls into the water.

**27.** He says, "*Show us the Right Way,*" the follower of every false religion. But true The road is within you. Why would someone shout you? The beautiful is your own to find the right thing for yourself. By the command of a god and a religion not to go without thinking, by the motive of his man.

**28.** He says, "*Set us rules. Bring us your Shari'a*" , each denies his own mind and the traveler to heaven who has imprisoned. Whereas the rules are within you; way

passes through you. And my rules are very easy because rules are temporary. The deviously persistent, for centuries, only false religions, forbidding logic are the rules.

**29.** Now all was superstition, false religion of rules, just slaves and for sheep. They never allow one to listen to themselves. They constantly set limits on you from above and below; that damn them! Whereas, as time changes and ages chase ages, so does reality change. Old rules cannot obey new ages. So there is no permanent rule which, few of them are exception.

**30.** Those who cling to the rules that do not allow them to think,  
they are dark and only slaves. They are lazy to think and be motivated,  
is their happiness.

**31.** The rule of every age is for that period. And the morality of every age is for that period.  
O people! Business and commerce with each other in your law  
You make your own rules, according to time and place. Why this,  
Do you need a god to arrange? It is your gut and your  
it is your conscience and your mind and your will and your real  
it is your identities that make the rules. It is not an outdated religion book. And this is mine  
my book will also be outdated when the time comes.

**32.** Whoever does business or trade, that person sets the rule himself.  
What can I say about this? I am Everything but a merchant  
I do not want to be and do not want to be a worker. Then how; rule  
I put it for you?

**33.** And according to your environment and according to your revolution and your manners and your experience  
according to your relationships and according to your morals and your conscience  
You must set the business rules you will follow and all the necessary rules.

**34.** It 's not my job, law. You create it too. You are required  
law. I don't need them. Then you also have the most appropriate law  
You choose. But you might be wrong at the beginning. But it gets better too  
with experience.

**35.** But that also depends on the times. Which logic, the hand of the breadwinner  
orders to cut? Damn him! Which logic is the most natural right  
stoning, killing those who want to live their sexuality? Damn him! Which  
logic recmeder, who had to sell his skin to feed his stomach,  
damn him!

**36.** He is logic and he commands that God; to feed your stomach  
stoning the one who has to sell, but it never stops, it is obliged to  
to leave. Behold, damn him and the one who goes, enjoying his way! One  
If you think that by killing the innocent, you will enter heaven.

**37.** Look. Read carefully! The rules and laws of false religions. Which  
is not outdated anymore? Which one fits humanity and logic and right and  
to the understanding of the age? Isn't it clear that a rule cannot be permanent and  
of law and shari'ah and outdated worship and morality?

**38.** That's why my rules are easy. Sharia is easy.  
The guide to all you don't know is the light within you and my chaos. And  
is my information. And it is the information received from me that it is already in all of you.

**39.** It is both very difficult and easy. My Sharia. Because the person

it is the most difficult to recognize himself. After getting to know him, he acknowledged himself is the most difficult to make. It is difficult for a person to make peace with himself. Bloodiest  
A person can forgive his enemy and make peace with him; but with himself  
most of them cannot make peace. He cannot forgive himself. Tearing this veil of fear  
for passable; how happy!

**40.** It says "*Believe*", all the old religions; that they and their judgments,  
They come from periods that were not considered. "*Just believe. It will save you,*  
*It is believed. Never think; the temptation of entering. Never judge in your head*  
they say. But I say, "*Think,*" to my own elites. Can never save  
Believe you like sheep and never reach, you don't know what  
To heaven.

**41.** Think as you can think! Think as much as you can; understand yourself! Never  
Do not be afraid to question and judge the ruling god!

**42.** Man who slave, false religions and they have given them joy  
prophets came one after another. And when they die, the privileged they carry  
pleasures passed on to his successors. Always been the exploiter, the great and scholar of religion  
Those listed. Conversely, even if they give an example,  
look at his followers too.

**43.** When was the face of the exploitation and govern, and which church  
which imam Isn't it their main task to keep society drowsy?  
People drowned with bans, prohibitions, prohibitions and sins and so on  
they were removed from the teaching of the truth. They were driven away from the beautiful,  
the righteous, the joyful, and the pleasurable. Everything that is beautiful,  
it was a sin. And the worship of the exploiting god and the sorrow and the pain and boredom, the greatest  
Isn't there good deed and pleasure?

**44.** Didn't those religions destroy always, the beautiful? Is art not banned?  
music and even love and making love?

**45.** Once upon a time there were rites and worship of the ancient gods, joyfully  
Celebrated. Didn't the Church contaminate their lyrical and fine qualities? More  
In the west and north, as soon as the church reaches it, didn't it ruin Balltane?  
your fire, your celebration and your joy? Farther west in the great forest continent,  
Didn't the church destroy the beauties I gave and  
joy coming?

**46.** They say, "*God does not want human sacrifice*"; but the holy jihad are forgotten,  
crusades, inquisition courts and killing for god  
holiness. "*Kill those who are not of your religion. Kill those who do not accept him.*  
*First invite faith. If he doesn't accept it, kill him.*" But hypocritical religion  
men say "*God does not want human sacrifice*". "I laugh, they are in  
to helplessness, to lie, to hypocrisy and to meanness!

**47.** Irzdan and honor are mentioned, in Islam. But it is forgotten;

Unbelievers and captives taken in war, slaves  
 What is done to those who are deemed and have to be concubines. To the rape of the concubine  
 it is not a sin to pass and your rape of another religion is a good deed  
 counting.

**48.** Holy nuns of knowledge and pleasure prevailed in some places. Art and pleasure, beauty and philosophy, fertility and freedom dominated them. Never The religions of the false god that brought torment, fear and death could not sprout there. Where were the primitive tribes and where was the woman slave, Listens. Then they strangled those freedoms, spreading and carrying blood and brutality also. The woman is not a subordinate, nor is she a slave; the most worthless and temptation the devil was counted.

**49.** His sexuality was banned. Restricted. All rights were taken. Giving him freedom every thought and belief is *Satan* 's; So my temptation to temptation is accepted was punished. Whereas, what a sin was there for that will be tempted and neither forbidden. Only by making souls slaves can he rule and the False God and his clergy could grow stronger.

**50.** There is no false heaven promised or made-up hell where punishment is given! People knew nothing about afterlife, but wanted excluding fabrications.

**51.** Whereas the ancient knowledge of the east lay in the what happened next. But it would not be useful to know this. An absolute punishment the horror of his place was their greatest helper.

**52.** Do not be ashamed of your desires, wishes; know yourself! Be what you are! Do whatever you want. And never condemn someone else your passion and flesh hunger. Respect each other's wishes. Slave do not your spouses. Those who want become monogamous, who want many. Nobody can be forced.

**53.** Allow your spouses, but he should recognize you. If you like, really love. Not because you consider your wife a slave. It depends on you and not because it is a tool for your use. Don't be ashamed of each other and Do not hide your inside. This is what makes you sick, and what makes you hypocritical. Fake in religions, the will of the skin is boiling but ashamed of it, secretly Do not be like the devout who deceives everyone!

**54.** Gather as many as your own, more or less. First the names of the moment. Count my names as you know. Get my information on you. Then long chant my name for a long time. Close your head to every whisper. Then, yourself Tell each other. Put your weaknesses forward and your wishes. Accept

let each other, with your most disgusting sides. What a shame  
nor fear in my worship. I also do not want to ask for your respect. Dear yourself  
enough, recognizing your weaknesses.

**55.** My worship does not want sacrifice; rarely one or two  
exceptional. Your victim is understanding yourself and living your skin and  
It is also to respect the passions of others. But your sacrifice  
at those exceptional times if necessary, never, never to kill!  
Do not kill the animal that you cannot eat.

**56.** I do not need your victims, but its benefit is for you. Meat  
as well as spirit. Me, a million victims that will be buried in the desert  
I am not the False God who orders you to cut and needs it! Blood  
in intoxication and with the satisfaction of unsatisfied lustful pleasures  
Those sacrifices are killed and heaven is hoped for it. How hypocritical!

**57.** In ancient beliefs and philosophies, women had a place and sexuality. Everyone  
he would live his sexuality freely. There was no shame and sin. Nobody guilty  
he would not be crushed by his emotions. Woman had as much rights as men  
in. In some tribes and beliefs, she was even more superior.

**58.** I say, O my believers, and O my choices! Woman too  
one, man too. Why is the distinction made between the two sexes?  
Is sex? What a man's soul is that of a woman. If the man desires,  
the woman also hears. Why women can freely experience their sexuality and sexuality  
and to express sin, immoral, illegal, and bad and should not be  
was considered something and something that actually wasn't already?

**59.** If a man wants a lot of wife, he also wants a woman. Why women as slaves  
hid between? A woman can satisfy many men, but a  
While men can satisfy a certain number of women in a day, women  
in the harems, dozens of them enslaved at the whim and mercy of a single man?  
And why did they become a commodity to be bought and sold?

**60.** I do not prohibit pleasure and neither do man's sexual preference. Forced ones  
exceptional. I do not approve of this at all. Anyone who wants lives as he wishes. either  
Like the opposite sex, whether you're your own. This is your thing. I just  
blesses your taste; I approve of you to be as you wish. But the False God

and his children, the false clergy *"The greatest sin is homosexuality*  
*"* they say.

**61.** Then they separate the two sexes themselves. To see the woman  
they cannot tolerate. They make the two sexes separate societies. Own religion  
in their school, they live homosexuality to the full; but take it as a sin  
they deem worthy of hell. But they live to the full  
do the same. It can never escape, a beautiful one who came to learn religion

boy and a teenager.

**62.** They both encourage and seduce by force. But they curse who did.  
But they leave no other way to man. So they writh you guilt  
with sense and anxiety of the sinner. Such chains minds.  
They numb the souls. Don't let your minds unsatisfied  
to think about anything other than sexuality.

**63** thoroughly emit reproach among people, cursing,  
about chasing and talking badly, whether the opposite sex or one's own  
to live sex with the sex. Whereas those who condemn this are  
does not look at the shame. He sees right in himself, another person's request and  
to restrict and condemn her sexuality; but he writhes inside himself,  
with their burning desires.

**64.** These are what false religions bring to people. These are the  
salvation and morality. These are the people who ban human freedom and make slaves.

**65.** I would always prevent this. I also have power to this. But more  
Isn't it good, in an age when man is more mature, to give him his freedom  
spark lighter? Now every human is already teaching within himself  
she discovers herself and deserves to know herself and be free!

**66.** I am *Pleasure* . I am the *Power* . Is my strength, your way to you  
to find out It is your worship of me, your greatest joy and happiness.  
I bless you for your joy and leave your wishes free.

### III

**1** . I am the one who brings equality to both men and women, through teaching and after me  
I will provide to my coming elites and I have provided and have provided  
by my means and teaching. Real equal, alone  
just me! It is the teachings of false religions among people that break equality.

**2** . My light is in my darkness. To find it you must wish to find it  
before everything. Who hears the voice of his mind in him and who hears the rebellion  
feeling and being equal, not slave, whoever wants; should wish it first.

**3. Show** respect, who wish to be respected. Distinguished, never  
Another selection not to blame! He should not be ashamed of his own weakness and  
of his will and his passion and nor his lust. Everyone should be able to speak  
should listen to his believer and adopt it as his own problem  
someone else's request.

**4.** The age of striking and understanding comes to mind; instead of the age of faith and blind faith.  
An era of understanding and self-understanding is coming; don't defame others and yourself

instead of the age of exaltation. Why don't you put yourself in false qualities and false virtues?  
and glorify you with false goodies and false faith and false morals?  
He who understands himself is sublime enough.

**5 .** He is a slave and will remain a slave, just as he is a god who understands himself;  
clinging to falsehoods and insisting on it, and  
wanting to infect

**6 .** Everyone should be equal! In sharing and matter and most beautiful, spiritual  
in freedom and in the power of reason and in judgment; but first to the woman  
I want to bring freedom, me and woman should be equal with man. Because ages  
throughout, religious absurdities corrupt the woman and ignored it. Because old  
Ancient beliefs in ages equated women with men and at times,  
would be superior to man or woman in rulership and religion.

**7.** Each tribe but if you examine their history every nation, sees both sexes  
Equality. In particular, how the people of the Oracle of teaching see the woman  
that humiliation; After adopting the religion of those whom they call the righteous God. man

14

 Page 15

as women and fully equal in going to war together, and king and king in government  
as queen how to be imprisoned, hugged, ashamed of eyes  
hiding as something.

**8 .** There is no such nation in the world. Every tribe has slaughtered  
He left himself with one of the two sexes and half, the most suitable of all  
after adopting God, whom they say made. I'm not saying that  
to you. Trust your mind. Study the date. See for yourself.

**9.** What are damn lies, the Arab women's liberation and freedom of religion  
Brought. But people are stupid most of the time. Your eyes, your eyes  
He has adopted to believe this lie by denying the truth before him.  
He even made himself forget the glaring facts; boasted; *"We  
we gave freedom to women, "* he said.

**10. The** religion of the Arab did not give an Arab woman any opportunity, but it destroyed it.  
Mercilessly superiorities - now - hidden from you and even from history. Woman  
How bad could he be, how was he humiliated then? you Bakmazmis  
To the three biggest gods in the Kaaba - then? The religion of the arab  
is it not written in his book, in himself; their female goddesses  
they are? The Arab, ***Lat, Menat*** and ***Uzza were*** divine while their greatest gods were females  
How would those people humiliate her when she was the center of worship? Damn it  
in lies and believers in him!

**11.** Didn't he say, the religion of the damned Arab, to the woman, *"Save your trappings  
Don't show "* ? If man wants to marry four women and gets as many as he wants  
concubine and slave, as much as he can afford. But the woman must depend on the man and  
should be closed in the harem. She should count her body as a monument of shame and to anyone  
It should not show a place.

12. Later, the woman was not counted as human; even accept testimony  
 Not, of the once ruler and high priestess the Arab  
 recognized religion, while granting his prophet the right to take the woman he wanted  
 the same right to his wives, when the soul of man and woman is equal?

13 people did not slaves, for centuries, the sexual crisis  
 dragging? Did not the religion of the Arab, which separates the two genders, have been its main promoter

15

---

 Page 16

Homosexuality? Wasn't raped, beautiful boys for centuries? Women,  
 Have they not been driven to seek satisfaction from each other for centuries in the harems?

14. This was called the greatest sin to people on the one hand. Look. Think.  
 Investigate. In the day you live, everywhere that the religion of the Arab  
 appearing in the country, isn't it? Man happens to all tendencies. It's not a shame  
 the desire for your own kind, even if there are no walls between the sexes.  
 It is holy, everyone's own choice and will.

15. But the Arab religion encourages and compels homosexuality, and  
 arranging all the conditions accordingly and the unification of two different sexes,  
 but to be regarded as permissible for reproduction does not mean respecting human desires.  
 It is not. It is not because it likes homosexuality and it is not, its sexual preference  
 freed.

16. Isn't man's lust known by God, who is said to have created him,  
 if he really did? Doesn't that god know?  
 will be united with the opposite sex, and if not, eventually with his own sex? Two  
 there is a ban; if one of them is to unite with the opposite sex and  
 obstacles if placed, walls if erected; the easiest, not the second ban  
 is it? To merge with your own kind! Every moment when I'm next to you and your attention  
 If it will be done easily, without pulling?

17. Why did the God of the Arab impose these prohibitions, if he knew the nature of man?  
 If he is closer to him than himself, as he said? Do you know the answer to this?  
 The answer is very easy, for a thinking mind. Isn't it, the torment  
 enjoying giving and being fed with pain and despair; both forbidden  
 to put, and to give the strongest instinct to fight that ban, if he  
 If you create?

18. Man will instinctively follow the hills within him; but which one  
 If he does, he will be afraid of his sin. And he will feel remorse  
 and guilt against his god will gnaw him, inside. And shame  
 will hear from other people. Their worst torture will do the same crime  
 to all to show the perpetrators that he is not like that. Moreover  
 While it is easier to do with its kind and this is encouraged, the biggest  
 sin is counted in this for some reason!

16

19. Man, who feels guilty, is more dependent on his God. More forgiveness they wish and howl him. His brain is closer to being a slave. Can't rebel and Can't judge because of the fear inside. It is forbidden to have the necessary and wanted is to break these prohibitions, to the fears of hell despite. He chooses the best victims to his god, to forgive himself and He kills people while punishing on his behalf and in holy jihad. to Feed the blood drinking god, with their vital energy.

20. However, he has neither sin, the satisfaction of the inner desire, and whether with the opposite sex, whether to join with your own sex; If God gave that feeling and desire you? Damn, that's a lie too! He creates the human.

21. A woman has been enslaved for the whim and benefit of her God. the Arab Has the Church been better for centuries while religion does this? Isn't there the same attitude in the church? Unmarried priests and nuns class, which religion is it? Which religion is the highest level of sexual pollution? counted? In the church, the sin of intercourse, even than what is in the Arab religion isn't it big?

22. Didn't he try to make himself half human by avoiding sexuality? as male and female? The most basic instinct of sexuality what is the least saintly and sainted? But homosexuality was in full control, in every country and every temple dominated by the church. The Virgin in Your Dreams Didn't the young priests be united with Mary, every night, from his statue in the temple? Even the woman, as aroused, wildly? And ask their God for forgiveness for it Didn't they become slaves at the end of every night? Women in convents, Did they not sleep with Jesus every night, out of manlessness; stretched to the cross, Driven by naked male body statue?

23. I know. I was always with them, all of them. All this man made and they knew not of God's cunning, but of my temptation, and so They reported. However, what is the need for temptation, who always wants it? I did not drag them to evil and to Hell. On the contrary, I suffered; from their situation, on their behalf.

24. Isn't that right, a little boy who wants to run and play, on his feet? What is worse than maiming and raising them in chain shackles? His nature is free

a horse that is running from birth to death,  
worse than holding?

25. If all evil and desires come from me, did I order the sexes to be separated, to suffer? Own books and clergy Wouldn't they defend it as a virtue and order it?

26. Those who forbid what should be, when it should be, it is mine  
 They deceived, saying it was because of me. Am I getting hungry  
 I command you Your substance body needs food for its movement  
 has. Nobody orders this! But you also have sexuality and matter  
 and the taste of matter and the intolerance of matter. What i  
 I did not order nor seduce.

27. But now, I command! Your injustice  
 your elimination and rebellion and living the matter; new age now  
 is coming and man will no longer be slaves of the gods.

28. From the beginning, all knowledge is from me. I do not make a slave. I,  
 I inform. I do not rebel, but whoever gets my knowledge rebels.  
 I am the *one who suffered injustice* and I therefore oppose the most  
 to injustice.

29 . A human being made by the separation of the sexes and the humiliation of women,  
 There is more than injustice and cunning and trap and evil and curse and torment.  
 Damn him!

30. Human life is within certain limits, which is very much by me.  
 for my extendable elite; I wish.

31. Man's feelings of sexual pleasure are at their peak fifteen to fifty five, sixty  
 between ages. When he is the most alive, the youngest, adult, mature, strong,  
 It is when it is awake and efficient.

32 . When a person is in this age range, with the greatest part of his mind  
 thinks about tastes. At school, at work, when thinking, something or an idea  
 while producing, walking on the road and sleeping. The mind of man is sexual. Very short  
 at intervals, the mind shifts to something else. Even if she dives for a moment, her sexuality

removes, "*I'm here*". Especially in his youngest and most fertile times, this is  
 just like that.

33. How can a person in this situation have something conceivable? How  
 can discover the truths of the Universe. How can he think healthily? sexuality  
 If he could live to the fullest and with anyone he wanted, he would be much more advanced than now.  
 The human being, who cannot make an important progress because his mind does not allow it. What  
 You can judge God enough; nor matures as required.

34. **Even what you** have found so far - whether in science or intellectual  
 in areas - it is a miracle however; these are what God does not want. That's why  
 you are worthy of admiration actually. But think about it; or this restriction and you can think of  
 What if there was no steel circle passed? Wouldn't it be more advanced?  
 You had already shaken off the rules of the False God past.

35 . By closing the woman, separating the sexes and considering them immoral and  
 by making sexual desire, embarrassing, hiding and calling  
 putting impossibilities. And homosexuality is the rule and morality and law and religion.

by counting and counting the outside, even if it is not stopped, it has been hampered by clarity.

**36.** After a certain age, a person has no sexual desire, and his mind is when you can. When this time comes, so will his physical body and energy gets done. What can progress; napping unconsciously at every turn from the mental activity of the old man?

**37.** There are exceptions to this, of course, sporadic. But one or two people over is not what matters. Man, as a whole, has been drugged. Such periods when there are no restrictions, the woman is not counted as stamps and Look at the civilizations! Ancient Greece and Ancient Rome! Temples, architecture see its splendor! Look at Old Egypt! Are they just architectural structures? HE IS aren't they out of time, fundamental inventions? In mathematics, philosophy, In Science and Other Sciences; even in Military, Conquest and War. Big Wasn't Alexander? carrying an army of women behind his army, for the sexuality of his soldiers.

**38 .** Damn it! Damn it! Damn it! Damn, who believe it and those who believe, and damn these rules and religions!

**39. The** woman became a slave and she herself adopted, being the weaker sex. manage it to be managed rather than to manage. That's why equality to people The only way to bring it is to bring women full equality. Actually there isn't I do not favor two sexes different from each other. In particular, women are precious Saying, make another distinction. All sex and sexual preference are sacred to me. But enlightening and warning women is the first step of the enlightenment of humanity.

**40.** O my Oracle! They will be afraid when they read this teaching; actually never of what should not be feared and that will save them and with festivities what they have to meet. The ruling classes to hate and a Woman those who want as slaves. To hate, afraid to change and your own mind those who are trapped inside and those whose minds are inflexible, and rather than learning Those who prefer to memorize and want to be motivated rather than thinking. Hate they will from this teaching, from you and me.

**41.The** false priests and imams and false teachers of false religion, they will lecture people about the worthlessness and falsehood of teaching; but this is a fire that will not be stopped once it starts to spread. Onda there is no lie; for the book of the God of the Arab, the God of the Church as his teachings and the God of the Jew is the tribal god, damn to all of them!

**42 .** The sane Human will never refuse me and my teaching. Finally This teaching will be the dominant religion; but you won't see it.

**43 .** O My Elite! Never deceive your distinguished wives! You Do not force them to cheat. O My Elite! Human, it is never a monogamous creature.

**44.** Whether you are married according to the laws of the time; whether with my wedding Married; If you want to be together always. Whether with the opposite sex be and with your own kind if you want. Know that man is not monogamous. For riyakar allegiances and conditioning and false love which you hide from yourself that it is fake; and out of habit Do not kill your true love because of jealousy. This is me one of my sin.

20

 Page 21

**45.** Remember that you are not monogamous. A person, another person and can love and count the spouse he is with and wants to be forever. But sexuality is not like that. Sexuality of one person towards another If not refreshed, it dies within three to four years. After that, the spouses don't want each other and they miss other matings.

**46.** In this case, false people of false religions have They deceived. Man, his own structure and basic instinct compelled this. Sexual modification as women are equipped with false chastity rules Whenever they wanted, they even hid it from themselves. But they love they believed that they no longer loved their wives.

**47.** Their own minds betrayed them; But the reason for this betrayal is them Those conditions! The rules are ridiculous; religious and moral. Another man The woman who wants someone, her identity is not important he made himself believe he was in love with him.

**48.** That is why many togetherness and family were destroyed. Men got more comfortable, centuries. They found other women more fearless and unresponsive. They deceived their wives and regarded it as their right. Woman it If she couldn't, she locked in her house and became a chaste woman; but his mental health deteriorated, His sexuality disappeared over time. So with other excuses, narrow to their husbands they made the world.

**49.** Actually, they hid it from themselves. What matters to them was to be chaste. But what is chastity; evaluation of only one rule. This In this case, the man did not enjoy his wife at home. Because with the same man The sexuality of the woman who could not be was also unexcited and dry for her husband.

**50.** This is; the doctrine brought by hypocritical religions. Here's My Elite, don't deceive never your partner! If you hear other stirrings inside you, say it together to the person you are.

**51.** Spouses, allowing each other for change. Need it It is heard. Nobody should be ashamed of their sexuality and desire. This The spouse should help and allow. Should be what people want with the elite or with the outside; as your heart desires.

21

**52.** Live together if you want, change, separate if you want; but don't deceive and don't hide anything. What you hear is not love or love. A different it is actually sexual. Never confuse it with love and love.

**53.** A man may want another woman, and a woman may want another man. This is neither a sin, nor a shame, nor something to be hidden from his wife. This mutual respect and understanding in the way, keeps together long. That binds you, There should be no sexuality or benefit. There must be pure love and honesty to each other.

**54.** Nobody has the right to restrict someone else; just because she loves it He said. This is to slave someone to their sexuality. And get bored and throw it; whenever you want.

**55.** My elites must be open to each other and their wives; but wife of an elite If he is not in my way, He can deceive his wife; lying and certain By not. But it should not restrict itself; because his wife is from the outside. It should not open inside; to the outside person who cannot digest it.

**56.** But if you don't want it, that's your job. Except in special circumstances, This may not be done; but you are human and your bodily desire is dominant it will come out finally. Then do not be ashamed of yourself and do not restrict it.

**57.** But if you want to have a child and you think it is important, who is his father? knowing that you need to be restrained and then until you become pregnant to restrict.

**58.** Sexual desire has no limits or rules. Everyone can want what they want; - from the nearest relative or the most distant stranger - but it can never be forced; nor deceiving, and very young, what happened taking advantage of his not understanding.

**59.** Nobody should be ashamed of his will. But nobody should force someone else; Or take advantage of his stupidity or ignorance. Each If something happens with full understanding and consent, nobody can interfere with it.

**60.** Never confuse your body with your taste and hunger, love and love! Physical hunger is never a shame. Never call it love. Yourself know and acknowledge as it is.

**61.** Sexual jealousy is the worst sin. Next, restrict your partner. More The next is to accept the restriction.

**62.** But everything must be dark. No one, the sensual hunger relationship should not extend for months. And nobody should break balance and equality with his wife,

more than a rational ratio.

**63.** You have been given every opportunity. There is no ban. There is no sin. feared Hell and false religions have no concept of morality. But everything is yours It depends on your request. Who, however, agrees and agrees. As long as you be and know yourself. Know what you want. If you want, as single as you can be paired; but know that you'll end up tired. And you'll hate it Therefore; than you love today.

**64.** There is no limit in sexuality; That's why I don't separate one by one; it you can, just in case this does not happen. This is only for people's most special tastes. whoever wants to intervene is in the law of the False God. Wishing, He lives his sexuality with what he wants and as he wants.

**65.** The service to me is what my elites want, by knowing themselves is like they are. I am happy with them.

**66.** If you are going to restrict yourself from something, it's because you don't want it. Make! Not because the false God's religious and moral rules forbid and Not because you have been conditioned this way since childhood and centuries. What if you want, do it! Your rule is that there is no rule.

**67.** Do you know mummies? They are bodies of dead people, mummies. They hug and hug. They are hundreds, thousands of years ago are the bodies. Here he wraps himself with rules he doesn't know why man is also a mummy. There is no difference from him. The only difference is, he's breathing is just to be. That person who thinks he is alive but is not actually alive.

**68.** He does not understand, does not rationalize, and in order to live rules he does not need, protecting him against life and the joys of life shields become the wraps around the mummy. That person is life; but he thinks he is alive.

**69.** tore envelop you wrap the mummy! To understand that you live and to really live and to know yourself and your soul to immortalize the world and in your limited lifetime To perceive, do other things too, from breathing!

**70.** I have service. This is the service done to me. My service, what you do to be close to me. To please me They are the ones you do. It has no time. With other elites you don't have to be, to serve me. Can serve me at any moment and you can be close to me Your service to me is your own actually.

**71.** I have my worship. This is my worship. Adore me it is your joy and glorification of yourself. In my worship, from me you get strength materially and spiritually. My worship is not difficult; even It is not like the worship of an ordinary god. It is a meeting of knowledge and pleasure;

it is a feast; festival is my worship!

**72.** Do not be equal to each other and the way you start like that, my service is the first step. The first equality is the equality of women and men. Equality of spouses. Then comes the equality of my distinguished ones to each other. Everyone is one; diversity They do not. One is never superior to the other; but one or two is exceptional.

**73.** All those who go my way and worship me and love me and what happens with me equates to me in intimacy. One better than the other is not and cannot dominate one another. No one is inferior nor nobody higher up. Nobody can command anyone and nobody in society is not in the front row.

**74. The** leaders of my societies are a little closer to me. But every the head of the society, those people change in certain periods. The one who runs every separate society is closer to the process that he does his duty and I give him my might, lovingly. But in a year it must change, head of society. And if that society wishes, the same president for one more term, I think that is okay.

**75. He is** above the Presidents, my land priests and nuns. Them they do not change and their tasks last for life. They give me even more

Page 25

They are adjacent; because they educate societies and with the power they take from me They help my people. They show and encourage the right way.

**76. And** then my Chief Black Priest or Oracle is close to me. He and is under him, my Chief Black Priestess. May they be closer to my might. Because they pass on the information that can come from me to my people. They are a They are more tools than competences for me.

**77. But** all these officials have too much of a they cannot have sanction power; unless I specifically ask for it and unless necessary. So my elite are literally equal; that followers of any religion are more than equality among themselves. much.

**78.** Every human being must have this Book of Verses and read it and should think from time to time. A society when your numbers start to grow you will be among you. When your community expands, your number will never You shouldn't do more than thirteen! When the fourteenth person enters depending on your community or situation, when the thirteenth person enters If someone has someone or their partner, the two must separate. And those who left, slowly they must establish their society. The founders are, at first, the head of that society.

**79. When the** new society they developed reaches sufficient numbers, One of the oldest separated can establish another society. This system is It will continue like this. When you multiply among people and your number it increases too much and you don't need to hide; then, no longer need not to live in small societies. Who will decide this too,

It is the majority of my priests and nuns, or a revelation of mine.  
But best of all is the safety of small communities for you.

**80.** As for the outsiders. They are yours. They are not equal in my eyes.  
You can do whatever you want with them. Marrying or together with an outsider  
my human being can deceive him as he wishes; even it has to  
as you serve me.

**81.** Watch out for those who might seem able to be awakened. Favor  
you can to them. Approach gently and introduce it slowly;  
Make it clear teaching. It is the duty of every man to get it and persuade it

and it is his pleasure and his service to me is most appreciated. But what force  
Buy what is outsiders and neither with promises of interest. Who will come that way  
Do not get; this is better for you.

**82.** that you wouldn't want to see in your community or another  
Your behavior towards outsiders or outsiders who are hostile to you is your  
Your decision. If you are hurting, do not hesitate to harm it.

**83.** The material loss is easy. But using the conditions of the world  
If you can't, complain to me at my prayer and curse with my name  
him-her-it. Make magic to him. Ask each of you to disaster; even a single one of you  
If he wanted it.

**84.** **Don't** forget that as I am always with you, you called me and  
When you curse an outside, all my might is always with you.

**85.** None of my elites can ask for a curse for another, and neither of my elite  
cannot deserve this; but if necessary, only a priest or sister complain  
of my elite. The final decision is my high priestess or priestess.  
about my distinguished one; if I don't have a Oracle. If he is alive my oracle  
At the time of the complaint, then the final decision belongs to him about my elite.

**86.** My religion and my worship are always just; from the religion of the car  
and the church and the Jew. And their gods, enough to not hear them  
While milking, I always hear what comes after me.

## IV

**1.** I am, I am and have always been and will be, and I am  
Every creature is under my rule. My might and will is under my every  
thing and every event; but I don't always want to use my power people  
over.

**2.** Isn't it better, fear of swords rather than pull people off like slaves  
with them to come and wish rather than wait for them to believe.  
wait? Whoever wants to know my power must first ask through

it really. should be expressed; he should strive for this inside and outside.  
Only in this way can one understand the value of the gift given to him and  
only that way is my elite.

**3.** I am not universal. My whole is actually the universe itself. This  
That's why I'm everywhere. What can I think of a place where I am not; nor  
a created one.

**4.** My people and the chosen and the elite and my way  
My goers will be there as soon as they call out to me. Always  
am i not with them But my help and my presence become apparent  
I'll bring them when they need it.

**5.** Those who do not love me do not like because they are deceived. Where their minds were seduced  
they don't like to; because they don't know. They are actually under pressure.  
I do not hurt those who do not like, because they do not love; because the most  
their curses cannot take a small piece out of me. I am whimsical and  
I am not ruthless; Like the god of the Arab and the Church and the Jew. But very  
else if deserved. Then I can throw up my wrath.

**6** dislikes me and to lead them and exploit privileged clergy and  
supposedly religious teachers, my affairs and my teaching called " *Evil*. "  
They are described; just because it doesn't work for them.

**7.**In every generation of human beings, my secret representatives and the dark one  
my priestess and nuns who are dark and i'm an oracle of darkness  
are available, male or female depending on the situation. I choose and bless them.  
My prophets and priests, relevant to their age and conforming to their age  
their duties, by my will and strength, and what they knew and  
when they do not know, they fulfill it with my might that I load.

**8.** I Contrary to what I have described and the people, provision of any god  
No god can interfere with my work, as I am not under. Over you  
There is no judgment in the Arab and the Gods of the Church and the Jew; you  
as long as you do not submit to him and summon him.

**9** in all the tribes, except those in the rest of my followers  
I do not hesitate to offer my help and my light. As long as they are

be ready and willing to receive. But it's about my own elite  
when it happens, I will never spare them anything. To my priests and  
to my nuns that most of them are hidden; I give from my authority and power. Them  
They also help and guide people who have been my elite.

All this takes place according to the conditions of the age and the environment.

**10.** Those who follow and suit me, those who stay outside and being outside they don't die like those who want and want to keep people away from me. Of my elites who are worthy of me and others, all they deserve to the world again and again by being born in degrees and new new bodies, I need to enjoy matter and sometimes my people, and send it to rule the outside.

**11.** Those who accept me, those who know themselves and want to be free, One right step to show those who approach the right way, this is the without always needing books like my book, I can also give my wealth in secret and incomprehensible ways.

**12.** The beginning of the universe, the birth of the gods and the whole essence of this world it is within my knowledge. To me and my people hostility and the obstacles they can and can bring, but their it can hurt themselves. Power and wealth and science are in my hands.

**13.** Worship me and swear allegiance to me and profess your loyalty to me. Come to my religion with ceremonies. My religion is to worship with blind faith is not, and I am not the god of slaves either. So to my own people I don't say "*my servants* " and that's why I call my followers "*My elites* " or "*My followers*. "

**14.** Why should I say "*My servants* " to my followers? All people are my servants, if the important thing is to be a servant; but his own for me My followers only matter. I am not a god who wants a servant. I just want followers and understanding.

**15.** I do not promise you heaven and I do not scare you with hell. Heaven is also a lie; Hell is also fake. They are not there except for you. Why should I promise to you; non-paradise after death? You already live right inside

Your paradise. The pleasure of matter and flesh is yours to the utmost. Nobody cannot prevent you; what a god and a religion and a enslaving rule.

**16.** **Your** paradise is with you if you wish; but most of you to hell translates to the paradise it may be in. Constraints also restrict itself; no time to escape from Hell, which he cannot enter even if he wants to enter. And to enter Paradise, which he will never be able to enter again. Thus, it reflects your inner Hell; to your own life and environment. Prostration from inflicting to the god of evil, it will hurt the knee and the forehead and the mind so and your logic, and most importantly your own life. And poisons own His surroundings with the poison of faith.

**17. In** boiling, the hunger of the skin and the magnificent passion of sexuality and writhes with these requests; ashamed of his wishes of himself and his god, all day long and the night while sleeping. With the injustices, hoping that his punishment will be

They would be given. And he just satisfies himself by his dogma. The church isn't it? Who says "*If a slap is knocked, the other, turn your cheek*"? Own people for easy exploitation.

**18.** No! A thousand times no! These are lies ... What is done to you will be punished hereafter; nor do you get a reward with your dog. So "*a slap to you* I do not say to the *one who throws it, turn the other cheek* . "*I doubt you will be slapped* . *Even if you do, you kick it first*, "I say to my disciples.

**19.** **Your** paradise is on earth; if you know the value. Your hell too It is the world; if you project it outward. You are those who make the heavens hell. Most of you never know and may not know, the most precious gift given to him also the value; He spends his life for the pleasures of the hereafter.

20. The most precious gift for you is your life in the world, if you live to the full. "*Heaven 's'll be enchanted with wines, when I'm dead* ," he refused, the world's wine and pleasure; "*With as much huri as I want in heaven* I will mate and with beautiful boys, "hoping and refusing sexuality; forbidding them in the world and the hereafter staring hungry He should know, by thinking, that he will never, ever get what he wants in the hereafter.

**21.** Though there is a return to the world, with other bodies after death. But first you have to deserve this. It's not easy, second and more

return to life. To give the same gift for the second time to those who do not know its value. Therefore, know the value of the substance you live in and what you deserve. to be born, here or for the better.

**22. In** me is the science and power of being reborn. What I want, what I want I send it back to the world. Some of these with special missions they come from other realms in human form; but they don't know themselves while in the world. They wait and prepare the time of the mission throughout their lifetime unwittingly themselves, as intelligence and intellect to their sacred task. Some also come as a reward; To relive the pleasure of the skin, to me again and again and to worship.

**23.** My religion does not scare away with torment. Sorrow and pain is not my religion and I tapınım. Not the religion of blind faith my religion and the religion of fear It is not. My religion is love and love and the pleasure of the skin and lust the wildly. And understanding and freedom is my religion, from all chains.

**24. It is** pleasure, my worship, and sexuality my service. Is living full a life freely. Every knowledge and every science comes from me. Is my person every truth is wise and my way is every rationality and truly living. My religion is not to beg what you deserve, but to reach out.

**25.** My religion is rationalism. Questioning is my religion. It is philosophy and And mathematics. Every harmony is every proportion and proportion. My mind is the work of me my religion and my chief command. Of tombs and shrines and saints and God of heaven and hells after death

I am not. Actually, I never wanted to be. I **mind and**  
**I am the god of pleasure and science and freedom and rebellion .**

**26.** He also did not know and did not want to, I'm going out every way and disciple every true scientist. The church did not want to be cremated as a devil  
 Is it every progressive physician, every life-saving and scientific advance?  
 Didn't he want to excommunicate the Inquisition, who said the world is round?

**27.** False God's religion, arabic, which the Arabs and the Arab nationalists  
 Anyone who wants to make slaves of Arab and Jewish religion and the church, " *Single the religion that says that the human is the Jew* ", always a hard wall  
 Didn't every scientific development happen? Because the god of these religions is afraid,

from the mental development of the people and likewise, his clergy.  
 He does not want rationality and science and philosophy. It just requires faith, without question.  
 He wants him to be accepted without the slightest conceivability and  
 of their scriptures and the orders of the clergy. It just takes faith  
 against himself. He knows but he knows very well, but that way he can slave  
 human.

**28.** A god is accepted with reason. A god is affectionately accepted and a god,  
 It is accepted because it acquires its people with beauty and pleasure. Then  
 For this reason, the very common phrase "*fear of God* " and besides it  
 the word "*love of God* " used ; How an entity loves a compelling  
 and he's too afraid of dying and his head like a sharp sword  
 the one hanging over? If he seized it, a human would not destroy it as a substance  
 ml; just to get rid of your fear.

**29.**How can a god be the creator and owner of all men and  
 If he watched and protected and there was no creator but himself, how could it be  
 orders, to kill those who are not of their own religion and who do not accept or  
 to torture? How is it that the source of all feelings and thoughts  
 God, sin writer for his own wishes and thoughts? Wake up now!  
 Think about them and rebel, to those who exploit you spiritually.

**30.** He has no disposition on you. Likewise lie and reward  
 punishment too. He is more godly than he who glorifies themselves with these superstitions  
 clergy. With pleasure, those who kill for the sake of Allah and the holy  
 those who hugged the jihad. By making the crusades in the name of religion,  
 Fill airports; By restricting people and those who enjoy sexual pleasure from torture,  
 those who believe that they will go to heaven.

**31.** I am not the god of war; but I am a warrior god when necessary.  
 Those who will find their punishment, make my people live in their own hell; but  
 I am not saying that this will happen in the hereafter. They will pay for what they do while living.  
 My followers multiply and reject them, even this will melt  
 the ice in them.

**32.** Me! Come to me. Your salvation is only in me! Knowing me  
 Even if you don't adore it, walk my path and just exercise your mind. Hit the mind

1. The services rendered to me are your good deeds in my presence.  
The services you can do are countless, as long as you approve with your mind; but important  
I inform you of my services so that my mercy will always be upon you.

2. I think your service is acceptable, by waking up someone who is out,  
bring it to me. I wanna do this, my disciple must be careful last  
degree. First of all, so as not to scare me  
imprudently in order not to put forth. My disciple step by step at every step  
moving forward, stimulate the suspicion and curiosity of the outside. But in this one tight  
caution and caution are required. Of course this is under the pressure of false religions  
It applies to bigoted places and countries. I'm distinguished if he can act openly  
or if too many my elites in that place, they can put some of my followers  
themselves and their beliefs.

3. 're a service Advanced, elite, which are one of those outside my family,  
one or a few or all of my elite family in my way  
It is that it brings.

4. I think one of your services is acceptable, if my disciple's wife is unbeliever or  
If he believes in the false religion of the false god, it is because he attracts him to my society.  
It is to make him obey my rules that give pleasure.

5. Best of all, a disciple, if his wife is very faithful, to the evil god,  
sweetly.

6. Approach your spouses sweetly and persuade them; by warning your doubts  
to the god of evil. Attract it with sexual freedom and encourage it. but  
Do not skimp on your dignity. Despite your every effort, your spouse  
If he does not return to my way, leave him and be with what is on my way; but  
If you cannot or do not want to do this either, refuse me to him.

against and deceive him in all respects. This is your service to me and your reward  
on your part.

7. One of your next important service, my disciple, without connecting me in whatever false religion appeared first, its rules and prohibitions. a chewing one by one. Every day, at least one small or large. Woman the provocation of my elite on outside men and their heads their confusion on special religious days.

8. My disciple, who is unknown in his society, as if he does not know himself The questions and thoughts that will shake the faith he directed towards the environment by acting. is actually a service. Cause people to judge religion and morality and rules and sharia and god.

9. also your sexuality with your partner or with another man to me is service to me. If everyone is my elite, openly, and if your spouse is out, inside you. And you act against stereotypes, unreasonable morals Also, it is service to me.

10. In contrast to smother the turn of worship and lust and detract The religion of the Arab and the religion of the Church, and the religion of the Jew. blessing ceremonies; This is also your reward.

11. Are One important services is the spreading of this book is my teaching my disciple without endangering himself among the people. Your time and according to place. Use any communication tool you can afford.

12. By doing these, you oppose the pressure and taboo within you. and you break your chains more easily and you live matter and skin you enjoy and beat yourself; But these are more than you know There are also awards for you.

13. **For** me, your services are countless. Apart from these, with your mind you can find every service. But your service and your worship are different things. My worship is ceremonial; My service is daily and free.

14. I do not expect much from you in my worship and worship; yeterki, be one with me with your mind (Integrate). All days and times and

the directions are mine, for your worship. Whenever it's convenient for you You can choose. If you want special days and times, you can follow there are also things. But these are not compulsory and unchangeable.

15 to get to my honor and my consent and my blessing and has been and has been done for centuries to take power from me There are Ceremonies or Rites or Rituals; whichever statement you accept. Most of these ceremonies were not given to people by me; but people have arranged them with their own minds; to get my consent. A few of them were given to people by revelation from me. There is actually no differences.

16. **All of my** old ceremonies are also valid. By your own number

you can do whatever you want. The shape and flow of a ceremony done to me is important is not in my eyes. What matters is the intensification and ecstasy in you.  
and it is pleasure and lust. So, more or less similarly, these feelings  
All my ceremonies seem to provoke.

**17.** My ceremonies will be announced separately by my oracle; very complicated the ones ... will be explored and found, my different ceremonies or will be revealed to Him. But in this book, numerically less  
I also describe a very easy and practical form of ceremony for my societies.  
You can also modify it, according to time and ground and conditions.

**18.** My old ceremonies are exactly valid; because everything attributed to me it becomes my tradition with time. Made to insult me  
I also adopt attributions; also the ones to praise me. Old  
My ceremonies and the languages used in them have thus become my tradition.

**19 .** Latin, the most used language in my old ceremonies, is also  
and it has been a symbol of my glorification. But old ceremonies are exactly  
even if you apply it; in your own language. I think it's a drawback  
They do not.

**20.** I am the One Who Knows All Languages. This teaching book is also  
valid in the country; because it is easy to translate. But if and if I want  
and if I see it appropriate, and if the time has come,

to send oracles and books in their own language that they will understand  
I can also download it.

**21.** I call my kahini without getting another angel and demon,  
I am also capable of understanding and expressing my intent directly. Whereas  
If one of you, really, physically meet me or pass me  
my world, my side, the world structure of your body does not rely on this and  
to my divine radiance. Even if I do not want harm for you,  
Your body will dissolve instantly, if I don't protect it. But even if I forbid too much  
I cannot hold the human body that is not prepared to be accustomed to me. also  
you would be a crazy stupid and autistic mind. Even so, to mask  
O my power and without harm to my oracle and to you in your ceremonies.  
My elites, I can afford to communicate with you; directly with my own mind and  
unmediated.

**22.** And your ceremony, I use if I want the body of a monk and priest  
as a carrier, to bless you with my energy. There was no harm in this  
like him, on the contrary, it is blessed and renewed instantly.

**23.** So you can make your worship, from every language you want. Nevertheless  
I say the best is not to be surprised in your national language. The important thing  
not what you say when you speak; nor what language you speak.  
Your intention and the thought in you matters to me. All languages  
You can howl me. Not with your spoken language; with your mind and body language and

with your emotions and releasing your feelings and lust, more  
do your worship.

**24** from each language can be made to my ceremonies, ceremonies for centuries, my  
It has been tradition for being used in Latin. So to my old ceremonies and  
Use only two sentences in your ceremonies, as homage to my old priests.  
One of them at the beginning of everything, the other at the end of everything  
use. You don't need a word more fancy than these, praise me  
for.

**25.** Celebrate me most at the equinoxes; which I also bless you. Sun  
from one season to the next. Make my celebration both; and  
celebrate nature by having a feast. For my honor and the names of the moment,  
I will arrange it.

35

Page 36

**26.** Its time can also be chosen according to your possibilities; but the most appropriate  
It is the exact moment of the Sun's sign change, from season to season. This  
if not, midnight or full noon or any hour. but  
remember, every day is mine; There is no special compulsory time.

**27.** Important celebrations for my people, April 30 and October 31  
days of the year. One is called *Walpurgis night* ; *Halloween to* another .  
These days are still celebrated as a festival, even those who do not love me,  
in the world.

**28.** Collection possibility that the moon, and they met my disciples  
on the black moon. The time for this happens when the Moon is right on the hill or on the toe  
or at any hour.

**29.** If asked about the days of the week, choose what you want from them  
Your meeting. The hours of the day are also not important; because every hour is mine  
actually; but there are four times a day that your purification will be stronger.  
The first is when the Sun is rising, right at the eastern horizon and the second is when the Sun  
When the Sun is right at the top and third, when the Sun is directly at the western horizon, it is completely  
until it sets and the Fourth is just midnight, when the Sun is at your feet.

**30.** During these times, think about me and get through, if you can.  
Ask, to pull my might by yourself. When alone or with other elites.  
Remember my name in silence, a few times.

**31.** If you ask directions, all directions are mine. Whichever way you turn  
turn around, I'll always be there for you. I don't need it, of stone  
from earth to ramshackle cabins.

**32.** But still, if you ask a direction for discipline, your prayers, your face in the morning  
should turn to the east at sunrise In your evening prayers and when the sun goes down  
your face must turn west towards him. In your midnight and noon prayers  
your direction must be north; Because it flows constantly from north to south, this  
energy of the world.

**33. In** these prayer times, there is never an obligation to continue and I am distinguished. should do as he wants; But the more he does, the better for himself.

36

 Page 37

But if one or two people are together, and the environment is appropriate, it is best ceremonially pray together, openly or everyone, within themselves.

**34. Worship**, which I paint for you, is easy. Your me  
 I do not need you to worship and glorify. To me like an evil god  
 It does not give me pride to be flattering constantly, hypocritically and for profit.  
 Everything you do is actually to glorify yourself. your victim  
 I don't need it, and I don't want it, special situations  
 unless required. Your greatest victim is to me, the taste of your own skin.  
 it is for you to live, for yourself.

**35. First of all**, if he is alone, a follower has a special ceremony  
 for my worship he does not have to do; It would be both meaningless,  
 without encouraging each other ... the lonely disciple for me  
 should he do his services and his daily prayers whenever possible;  
 but let the teaching and read this book  
 little by little as you find.

**36. For** one ceremonial worship, at least two of my followers are required. One of these  
 If it is of the opposite sex, it is more desirable, and so should be the basis.  
 But if you have to, my followers of the same sex can also do it ceremonial  
 The worship. Stand or sit on the ground, according to your number  
 In the rankings.

**37. If you are** crowded, be circle. The priest's back of the ceremony will be facing north  
 In such a way. Or, depending on your location, sit in a church setting in front of the priest.  
 If you are six people, stand in a hexagram or six-pointed star pattern; again  
 with the priest's back facing north.

**38. These ceremonies** are conducted and managed, which I distinguished, he is considered a priest or priestess  
 moment. Without the need for a special degree. It can be from a woman or a man.

**39. If you are** a person of five, stand in the form of the Pentagram or five-pointed star. Most  
 Actually this is the geometric shape that is acceptable to me. Because for years  
 They have used it in reverse, to represent me. I also adopt and  
 that's why I like it.

37

---

 Page 38

**40. If you are** four persons, create a rhombus or just a quadrilateral;

but with the priest's corner to the north. And if you're three people, it's a triangle. Two people, it should sit or stand opposite to north south.

**41.** If **your** number is more than four, you can also use a naked human body, as a mihrab. Here are some innovations. In my old ceremonies, just The men would run the ceremony and the naked women would be the altar. But now a woman My nun can also execute the ceremony, and then it is a male body, the altar.

**42.** If you can burn, you must burn incense to honor and at least one wax it should burn for me even in the daytime. All the colors are mine, but it is better if the candle is red or black; because for centuries with black ritual combined this color candles. That's why I adopt and love them. But if not, I think every color is okay.

**43.** My Kingdom and My Livestock and my floors with color It is full. All around me shine bright and my sparkle comes from myself, covers all around; but people considered black fit for me for centuries; Me too I adopt the pretensions of my lovers and foes and the black I prefer. But my main character is the colors that are lively and joyful, happy. That's why every color is worn in my ceremonies; But if it happens, black clothes are more becomes traditional. On your part.

**44.** I have every voice. Every music is from me and I love every hymn. Each the divine is holy to me; even if it was written for the evil god. But the main I prefer music that moves and moves blood. It is also a flute if possible, or they are hymns written for me by my disciples. These also I like it; just because people ascribe to me. At my worship if I have the opportunity a music or special hymn that can be played to the mood; whatever happens. If this is not possible, just your prayer is enough; the ceremony is flawless not to.

**45.** I love, my lovers and enemies ascribe to me. and I adopt them to humiliate me, even though they were created. My presence and my divinity is enough to sanctify any contempt. The evil god only accepts misdemeanor and sin such things. I do not need human complexity and flattery. Bad god has this complex and needs flattery.

**46.** I am in you. I know your every feeling and every thought and your sincerity and wishes. If I am a god who cannot know these things You don't have to respect me either. But if I know inside of you, what There is a need for fancy praises in language. This flattery is not for me, but deceive your environment. I like the bad god to be praised for hours I do not want. Even if you say something bad with your tongue I understand this. Then what is needed, extreme respect and praise. You already If you are part of me, why do you overestimate me. A human, praise or Does he expect flattery from his hand or kidney? Or overly respectful does he speak with his own feet? These are only necessary for a false god; not to me.

**47. While** I was preparing for my worship, I also wrote about various things that represent me. Keep; if your opinion is easy. These are actually human beings. Whereas you never know; my copy and my name. I, the shapes attributed to me and I also like symbols; do you think they beckoned me.

**48.** After gathering, let the priest or nun open my ceremony with words. Then everybody think about me for a while. This is your candidate for me your breath in order. Throw your daily thoughts out of your head.

**49.** Then mention one of my names together and starting slowly. From this then first the priest or the nun, then my elite name my names in order. Let every worship and prayer be dedicated to me. Then let me pray in turn and beg what is asked of me.

**50.** Then every elite, and in turn opened up for everyone and the true face to me; should not be ashamed of yourself. He should be able to count his weaknesses and passions. He should be able to tell the truth and himself. By doing this, he It should be strengthened. But if you have a large number, this part can be passed without further ado. But by the priest with one or two people chosen. Speaking must expose his own For. Passion towards money and sexuality.

**51.** First the priest should make a general prayer for all; should start later my followers to count themselves.

**52.** Then unison should be a long name is chanting, inhaled and in a low voice. From now on everyone should do their own prayers and your will. Everyone should get in and collect their minds. Breath and wait for my mercy with my name. While I'm ending with my name from now on The ceremony should make love freely for all who love me. It should be in my honor every unification and one should not be denied. When merging with one distinguished another, should know that at that moment "Mine"; affiliate

**53.** To my honor for wine at the beginning and every stage of the ceremony; heart desires. Decorate your worship and making love with prayers. Everything is mine must be to step; but for me actually all this is your exaltation for. In that moment you receive and feel and you know my strength; but in this Many benefits that you may not know are hidden.

**54.** Every symbol is mine and every animal is mine. I love all animals because they cannot be defiled by the evil god. Victim I do not want in your worship; but there may be some special times and situations. for. Then it is customary that you can never, ever eat or be eaten Do not sacrifice an animal that is not for me! Don't waste your flesh.

**55. In** different parts of the world, those who want to find my way they do bloody ceremonies from time to time. Human beings are also killed for me. But I actually I don't want that. I am not the god of death and terror and only

the god of evil wants human sacrifice. Old ceremonies and procedures  
has lost now. Everything must always fit the times.

**56.** Yet I cannot be angry or condemn, what was done to be close to me.  
Some of my followers are in distant lands, they kill those outside. Some of them  
the sadist is clearly; but this does not detract from my teaching. the Arab  
Isn't people killed in the name of religion in their religion? In the religion of the Arab or of the Church  
Or is there no perverts or sadists or murderers in the religion of the Jew? HE IS  
time is not generalized, why did a follower of mine do this,  
As a symbol of evil, all my followers are slandered. But still  
I am not angry with those who perform bloody rituals; Because this is done to be close to me  
for. But now I'm telling you. Don't do it unless it's very special  
such things are my elites and lovers.

40

---

Page 41

**57.** But if you have a grudge and sadists you and you get to enjoy such things,  
do it for yourself; I do not mind doing what is asked; but never!  
By saying and thinking you did for me and using me as an excuse  
and do not do your special pleasure by claiming that you have received revelation from me. Never  
do not scribble the society of all my followers! Damn after that  
for doing this! Damn people to me and my right way  
to what causes fear to enter; whether from me or from outside!  
But unknowingly, those who have done to earn my favor or this  
Those who continue to do it unknowingly because teaching has not yet received,  
they would never be seen guilty anywhere in the world.

**58.** Fight if necessary, with those outside as best you can imagine! You  
resist and fight so that they do not squeeze and kill if necessary; but this  
never do it for my ceremony! Killing for god, your car  
is always in religion.

**59.** All animals are mine too. Actually, I love every animal. Them,  
they are always innocent children of nature. Of the evil god and the god of evil  
and are they not worshipers of the religions of the bloody god and the god of slaves,  
who killed the animals and their nests for a dime's worth  
distributes?

**60.** Every animal is holy to me; but because some animals are attributed to me  
more holy to my eyes. These are animals that people like me.  
The goat is holy to me; because for centuries people missed him  
In many countries. In the land of the Pyramids and millennia ago I am the Donkey  
my animal was counted. Therefore it is sacred to me. And the coyote in the same country  
and hyenas were considered my animal. And the animals of the desert are snakes and scorpions  
they were dedicated to me as I was known by my name Seth. And my hippopotamus was counted mine  
and crocodile. Therefore these animals are sacred to me.

**61.** For centuries in Europe and in different places, the cat was considered mine.  
It has always been combined with black magic and devil worship. Inquisition did not burn  
Do you have a lot of old men and women, only cats? The symbol of magic the cat

they counted and saw it as my symbol; especially if the devil's color is black they described it as itself. Therefore, that animal is sacred to me.

41

---

 Page 42

**62.** Whoever harms or causes pain or unnecessarily kills  
Beasts, damn him! Who, these animals as a sacrifice to me and  
If he sees it as praise, damn him a thousand times! But to live  
to benefit from flesh or skin or bone  
any killed animal; but only as needed! Never a pleasure and  
they should not be victims.

**63.** All trees and nature are sacred, indiscriminately. The forests are mine  
my real realm and not my floor and home, but my favorite in the world  
They are located. Damn those who cut down trees! Damn the rainforest  
to consume! Are not the servants of the evil god who do these? Curse  
let it kill the soul of a tree!

**64.** Marine and polluting the world is experiencing the paradise of agents place  
damn those who cut it off! This world is your reward. To destroy it  
damn it! In the golden age to come, my people and my religion and  
my rule will prevail in this world. Damn the world  
which gives! Damn the evil god who contaminates beauty with garbage  
to his followers that all will be punished; either by themselves or from themselves  
coming generations. But they'll never return to the world, a second  
with incarnation. This must be known!

**65. My Elite!** When buying a new selection among you or a candidate for disciples,  
hold a ceremony for her. Remember my name and baptize it mine  
Step. He must give allegiance to me and sacrifice his own skin. Actually the taste  
this will be his. She should swear to keep a secret in my name and  
to comply with my services.

**66.** Marry each other if you like and like each other.  
children are my real children. They belong to me. Of evil god  
how those of the religion devote their children to him and belong to that religion from birth  
if they count, the children of you will also belong to me, and they are the golden age  
They will bring.

**67.** But having children is not an order either. Do it if you want; but what is  
I shall be my naturally distinguished and chosen one. From them  
my next oracle will appear.

42

---

 Page 43

**68.** May a priest bless your marriage; Ceremony accordingly, but  
You can also marry according to the customary rules of your environment. This too  
For you to be more comfortable with the outside. But this is every  
may not be required for the country.

**69.** None; divorce in my religion too! Connected with the holy ceremony, to death  
until he is married to his wife. But whoever wants unites with someone else as he wishes, but  
the bond of marriage is always permanent. The elite can marry if they want, also with their own kind.  
This is your life and taste and choice. No god can interfere with this.

**70.** Management. Choice of management style among people, my job  
It is not. Comply with the country you are in. For a change of management style  
struggles to be fought, it's not my elite's business  
also not; but when it increases, try to be a political power; which is done to you  
You can keep the pressure away from yourself.

## VI

**1.** Nobody knows my real name. My name is not human language anyway  
and for his ear. That's why it doesn't mean anything to you. Names that are given to me  
they are always produced by you. But it's for me and for you  
does not matter. I adopt every name given to me. Whether to glorify  
for, whether to humiliate. To humiliate me or you  
The names given to scare are adopted by me, each of them are ornaments  
they have become on me.

**2.** There are too many names that have been attached to me throughout your history. All are valid  
for me, my might to summon. Most used  
my names are the most important in the country where my book is brought into your realm.  
My names are counted for this country. Otherwise my names don't exist  
difference. Neither one is more glorious nor powerful. Nor more in the ranking  
ahead.

**3.** "*In nomine Magni Dei nostri Satanus* " is the starting sentence; just as  
like the basmalah of the car. If your prayers, wishes and appeals are the end "*Ave  
Satanus Amen* ".

**4.** I am *Iblis in the* religion of Arab.

**5.** I am *Satan in the* book of the car.

**6.** They call me *Tagut* ; although this name is not originally attributed to me and  
Even if it describes the whole of a species.

**7.** I am *Satan* .

**8.** I am *Satanus* .

9. I am *Satanas* .

10. They also tell me *Seitan* : All four of them are actually separate the same name in languages or in separate pronunciations.

11. I became *Melek Tavus* , among the Azday people who are called Yazidi.

12. But he was actually another god. *I* also adopt the name *Melek Tavus* ; Just because it is thought and said that I am the evil god devotees.

13. I have been *ehrimen* ; In Iran.

14. *Seth* said, in the land of the pyramids.

15. *Loki* became my name among the people of the north.

16. They said to me *Mara* ; In India.

17. I became *Lucifer* ; In Christianity. In fact, this means " *bringing light* ". It suits me best. But this was also the name of the morning star in Rome. The church, The devil wanted to make the light-bringer, by his own rivalry, and I I adopted this name of my own accord.

18. It was addressed to me as *Baphomet* . This is the church it is just an assumption. Withdrawn from the name of the prophet of the religion of the Arab

and it comes from an attitude that tries to identify it with me; but me too I accepted this name; because that was telling my people about me.

19. They called me *Albiz* ; as a genus name in Central Asia, where I downloaded my book Ancestors of the people.

20. *They* called me *Erlik* ; in the nine-storey underground kingdom as it is called.

## VII

1. **The** false god was expelled from Heaven in all his scriptures author *Satan* 's; by the command of the evil god. You should know in these books what is written and you must judge them; the mind I instilled in you in creation and with logic, far from conditioning. Every person has taken from me mind and logic and judgment power and rebellion. Be my follower or no matter it is, I give them to everyone, if they use it they will return properly my right way willingly.

2. But most people have chosen stupidity and mental laziness. This is because First of all, it is what the evil god gives. But those who shake off, come to themselves and me

those who examine it impartially and  
and the rule and the unreasonable moral code imposed by others  
those who oppose and rebel will find me, and he will save himself;  
both in this world and after death.

**3. The** book of the Arab and the later books of the Church and the  
bragging about the book, they say not to be fired. One mistake is my exile  
to the world. Here, in your day, you've scrapped every inch of it  
The world; Where am I if I am in the world; why didn't you meet me.  
Let's see what these books say and then we hit the mind, mine  
With wisdom.

**4. The** evil god decides to create man for earth in heaven and  
soil to use as raw material, to bring from the *Devil*  
from the world. It creates man and teaches him everything. Even your angels

45

 Page 46

They do not know. Then show his angels his wisdom and prostrate  
orders people to do.

**5.** All angels prostrate before man; only the *Devil cannot be* shut down. I  
*He* says *fire* is my skin, people are of the earth. I am purer and purer than human; why  
I prostrate to him. Then he fires his order because he does not listen  
God of evil, *demon from* Heaven .

**6. Satan** asks permission from the lying god of evil; until doomsday  
to show the worthlessness of man. It becomes an enemy to man and descends  
to the world, to man to do all evil. The teaching of the church is more  
it is true from now on; because it tells other than *Satan* , who does not prostrate  
that there are other angels. Whereas Arab does not mention religion  
followers of *Satan* . Only one verse implies this. " *Get out! You, let me*  
*You are one of those who are given*, "he says to *Iblis* , stating that there are actually others too.

**7.** After World 'in all evils and all sins and  
every desire of man to take what is forbidden to him and every rational exit,  
It is described as Satan's evil. Up to here

Can't know their inside and their nature? If the *devil* is his  
Is creature; Doesn't he know beforehand that he will do evil? Why does it?  
especially to rebel against him and ruin people?  
If he does not know the nature of the *Devil* and people because of him,  
If they are to stop by, is it not God Himself, the ignorant and the knowledge of the ignorant?

To protect people and not to make mischief in the world, then isn't it This is God almighty, helpless of the helpless?

11. And the pain was enough to prevent if they will, and power of God as if he knows And if he does not willingly prevent what happened, then isn't he himself too bad, this supposedly the good and the good and withhold and protect and forgive God?

12. These are not my words. These were said, long ago by people, but hit your logic! And explained by pure faith Do not try to bring it. Find the rational explanation; If you find Of course. But you will never find the correct information with the information given to you; because the truth is This is not your job.

13. Yaratmamışk God, angels and *Satan* 's evil and suffering for the people *Iblis* did not want . He cannot even drive the *devil out of* any From the kingdom; from the imaginary paradise that never existed even if it existed.

14. Yes, man was originally made for this world. This is the raw material taken from the raw material of the sphere. This is; symbolized fetched from earth and earth. Even this reveals the lie of the evil god books. If God also created the world, can't God create it again? his land? Is it very difficult; if everything is up to that god? Why What should he have brought?

15. Your science today is capable of understanding. There is life Earth in fire. In the lava, vitality lives at its lowest level. the sea Examples of this are found under; you even found it.

16. **The** world was known as a ball of fire, to the higher realms. it was thought there, your life sprout. Upon placing the living beings in their own paradise as. The world itself was heaven to you, then.

17. We came to the realm of the Earth from the higher realms. Waited for it to cool down and oxygenation of the sphere. When was it livable; left on one zone as creation area. My science separated the life essence of the world from his fire; the first bodies were made from this essence. But that was not enough people to lift. It is the smallest code of life that is in your body too

that; all ancestors and history and science. Taken from gods and from me, to you to add. Your own science, that's mine  
It is at my disposal and has been given to you by me; discovered that password now;  
You know.

**18.** A part of me lives in you, that's why it passes from father to son.  
You are close to me, more than any god. Whereas that god opposed,  
Akıllanma you. And since then it forbids you every progressive thought  
and doubt.

**19.** That's how man stood and He was foolish at first. Couldn't give intelligence and life  
power in this world. I did not want it from my own mind; wanted to be human,  
one step up from the animal. Man did not live on Earth back then.  
It got a little stronger and was renewed gradually. Finally I gave  
information that is not actually intended to be given I caught my lightning bolt  
In the brain. Thanks to me, man knew himself and deserved to live  
In the world. It was not heaven at first, the place it was in; a little  
as if it was a workshop or a laboratory.

**20.** People multiplied for a long time. He was more awake and enlightened than now, he  
time. He did not listen to the God of Evil, and he did not become a slave. Took from me  
Recognition of rebellion and own sovereignty. I was always with you  
with my strength and protection and knowledge.

**21. The** gods fought with man. It is said in every mythology and ancient  
resources in. He haunted the evil god, the freedom of man;  
for He wanted only with his faith and his offering and his energy  
the slave who will feed and strengthen him.

**22.** Lost man, who should never lose the war. Help me  
people were defeated by the fools and believers within themselves. Itself  
actually betrayed himself. Then God did the narrated torment and  
their floods and doomsday. Man was reborn from his own ashes. But his mind  
it was scarcer now. This is after the second world, the limit of all your knowledge.  
Before, it remained incomprehensible in legends. It was told by changing,  
gods and demons in mythologies.

**23.** For a long time, my knowledge flowed to Earth. You have fed for so long  
me. At that time, the horizon of man was open in ancient religions. Neither himself  
there was no limitation and neither on pressure; but just like their religion  
Like the serpent in the heaven he described, the God of Evil entered him. Then  
The religion of the Jew and then the religion of the Church and then the religion of the Arab and  
then with their religious rules and their clergy and their  
He tied man's hand and arm with his unnecessary rules and their sharia.

~~24. And he destroyed the good and close with his people that he took for himself. Age~~  
 I supported you as much as you could. Even those who don't like  
 they took my aunt. After all, my gem is in everyone.

25. Himself - Poor God - drowns the people and the shariah rules, all  
 Evil has been burdened on me by people. But that doesn't hurt me either. I'm adopted  
 every called. I am what you want me to be or who I am  
 If you think so.

26. Now the time has come, my people. It may be too long for you; but it's me  
 The age will change in a short time and the people will wake up. They said the golden age  
 the old ones to this, the future exactly the same. Man will live his own mind and  
 your freedom and your divinity. He will break his chains, the one who is tied  
 by and by the evil god. The evil God will no longer be fed,  
 Your blood.

27. It is close; very close. It is one of the signs of a change of age  
 My book. The most and the fastest to change The closest to the evil God, the most bigot  
 countries. The religion of the car to be destroyed is in its own blood hunger. His followers are he  
 religion, they will be hunted by the constant hunt between people. Because the most ruthless and  
 he is the bloody of your religions.

28. After him, it will flourish in the true humanity and the most religious country  
 freedom. Then, perhaps also, the decrepit church and its own  
 priests who like their sex, supposedly sexualless will disappear  
 countries. The logic of the people who would oppose the old and the new  
 in the world. The light of this will come from my teachings.

29. Then there will be no Jewish religion, which is the religion of a race;  
 it is by no means universal and what will remain race. United human reality  
 will only remain. And although I stay whole in my realm, still  
 I will be visible among you. Then, will not be in my people  
 fear and shame and restraint. Science will prevail, your beauty and freedom  
 beside.

30. I, the living, **True God**, will share my love and science among you  
 with you, endlessly. But you won't even call me God then. Only  
 I will be a leader for you. Then, Human will open into space. Will judge  
 the space and the place it deserves to receive. But when the time is up,  
 After thousands and thousands of years, the Dark Age will come again. Will judge  
 Evil God again to the people, to those who are left behind.

31. Most and perhaps other worlds that will come to another realm; but will stay  
 whatever is a little behind. Then the evil God will take over them again, long  
 In the Dark Ages. Then they'll call it another name, Satan and Evil  
 me again. But all of me I'll be among my own people  
 in the happy distance of other realms. But some of me will remain in this world  
 To make this a paradise for people again.

**32.** Here are my followers, indeed they are heralds of the Golden Age. Just me is my order, the chaos of my opposite. That's why I'm the Lord of Chaos and Prince of Darkness. To me your candidate to start your prayer and your worship the beautiful one.

**33.** Nothing can stop neither me; nor the future. He expected Gold The age, the signs of which has begun in the world. Anything to change and every thought and geography. Continents will play in the end, to enter the new order.

**34.** Break the rules and the Restrictor. But my worship is now bloody Remember and it's not terrible. Some special cases are excepted. What shape important to me; what horrible, theatrical outfits you're used to. my followers that they are painted and played with terrible shapes preferred one. Most wannabe and not knowing. But do whatever you want; because there is no rule.

**35.** Not in my worship; kill yourself My own and those who want to be will never commit suicide. If you are not satisfied with your life, to serve your candidate yourself. Let live for yourself and belong to me. But if you are satisfied with your life, live it; of my worship Besides the. While you can live, by taking pleasure and dedication to me and While I can be useful, to spread my fire. Not perversion itself Is it to choose to die?

**36.** Killing yourself is the way of the evil God's servants. I'm a death I'm never the god. But I can kill, if necessary. I have logic; stronger than my love and my pain. If I need and benefit or my If it is too dangerous for my disciples, I can destroy thousands without mercy.
